Re: Docket # E-00000C-11-0328

DOCKETED BY 

Commissioners:

I am appalled and horrified that you exhibit so little concern for the health and safety of the people of Arizona, and that you are so obviously in thrall to the very utilities that you're supposed to be regulating.

It has become apparent that several of you are completely corrupt and have been bought and paid for: This link exposes the money given by APS to the election campaigns of Bob Burns, Susan Smith & Bob Stump:
<http://www.azcentral.com/business/consumer/articles/20131109arizona-utilities-cash-went-acc-campaigns.html> .

You have been provided with a very large body of unimpeachable evidence, from Warren Woodward and many others, that "smart" meters constitute an extreme health threat, and that APS has outright lied, repeatedly, about the salient facts, and yet you continue to protect and reward APS.

How many people must suffer because of your criminal negligence, greed and corruption?

Jessica Maring

Re: Account# 667740287 at 60 Catclaw Lane, Sedona, AZ 86351

We have opted out of your horrific “smart” meter installation program, by registered mail in September 2013, and required that you remove the digital meter and replace it with a safe analog meter, which you did. However, you failed to put a blue tag on it, as you were apparently supposed to do, so in accordance with the instructions in the update on page 9 of the most recent “The Noise”, we are writing this letter to you, with copies to the Arizona Corporations Commission, and Commissioner Brenda Burns and Gary Pierce, stating that fact.
